

CONFCOMMERCIO-Imprese per l'Italia, Italian General Confederation of Enterprises, Professions and Self-Employment, is the largest business association in Italy. Confturismo-Imprese per l'Italia was established for this very reason: to give voice to people and enterprises, which today count more than 700,000, with almost 2,700,000 employees, making it the largest business association in Italy.

CONFTURISMO - a unified grouping of national organisations representing enterprises and professions in tourism that are members of Confturismo-Imprese per l'Italia - is the organisational structure for coordinating the tourism sector promoted by the Confederation.
